

Uinta Investment Partners LLC Completes Investment in ALTRA Mortgage Capital LLC

December 2017

Uinta Investment Partners LLC (Uinta), through its strategic venture portfolio, Kings Peak Holdings LLC, is pleased to announce that we have completed our investment in ALTRA Mortgage Capital LLC (ALTRA). Uinta is a multi-family office founded in 2017 by Gavin James and Don Plotsky.

“ALTRA will provide mortgage brokers, mortgage bankers, real estate investors and institutional investors with easy access to competitive non-QM loans. It is the first-to-market DIY borrowing and investing portal for Alt-A, non-prime and hard money loans.” according to Brent Houston, CEO of ALTRA.

ALTRA has multiple brands, including:

- ALTINVEST - investment platform
- NO RED TAPE and ALTLOAN - origination channels
- ALTAPP - proprietary technology platform

“The ALTRA investment is another great opportunity for Uinta. Our focus on principal protection, income generation and long-term value creation is completely consistent with the ALTRA business model and the investment will give us continued access to another income based investment product.” stated Mr. Plotsky. “This is another example of Uinta committing capital and supporting management with our expertise and experience.” according to Mr. James.

Don Plotsky has been appointed to ALTRA’s board of directors.
